

ARMOURLUX
300

The No.1
best-selling portable
fibre range!

ARMOURLUX
COMMUNICATE PROTECT DELIVER

ArmourLux300

The Right Solution

ArmourLux300 meets the demands of mobile fibre optic communication, for media, audio, security, data...and more. Despite the variety of uses the requirements are often similar - a re-usable fibre cable that is easy to deploy, retrieve, connect, transport and store, over and over again.

ArmourLux300 addresses all of these needs.

So what's Unique about ArmourLux300?

Essentially the cable construction. ArmourLux300 uses an armoured cable and provides the best cable carrying capacity per reel; ideal if size is important for logistics and storage. On our smaller 235mm wide reel we can fit 220m of fibre! The cable gets its strength from a flexible steel armour and steel braid which provides excellent crush resistance.

Buy with Confidence

All assemblies are made in the UK. We are an ISO9001 accredited company, where Quality and Customer Service are our highest priorities.

We have developed this cable to make it stand up to life on the road, but accidents can happen. If you break a connector, send it back and we will fix it for you.

We're here to support you - whatever the question about fibre, we will help you!

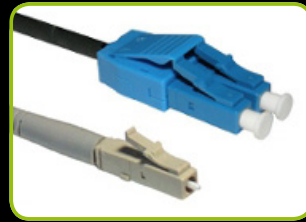

003

Industry Standard Connectors

Alongside the industry standard LC, ST and SC connectors we have also got water and weather-proof IP68 versions, ideal where connections are being made outdoors.

IP68

LC Uniboot (Top) and LC

SC (Top) and ST

Capacity per Reel (m)

	2	4	8	12	
Number of Fibres	2	4	8	12	
Cable Dia.	3.5mm	4.0mm	4.5mm	6.0mm	
REEL OPTION	GT235	220	170	130	75
	GT310	410	310	240	140
	GT380	800	610	480	270
	HT385	1290	990	780	440
	HT485	1290	1570	1240	700

Note: Larger capacity reels are available.

Cable Comparison

	2	4	8	12	
Number of Fibres	2	4	8	12	
Cable Dia.	3.5mm	4.0mm	4.5mm	6.0mm	
SPECIFICATION	Weight/km	16kg	21kg	25kg	45kg
	Tensile Load Permanent/ Installation	200 / 400N (IEC 60794-1-2 E1)			
	Temperature Range	-40°C to +75°C (operational)			
	Crush	150N/cm (IEC 60794-1-2 E3)			

Features

- Industry standard connectors
- Plug and socket options for flexibility
- Flexible, armoured cable
- Compact, high capacity reels
- Simple 'Plug and Go'
- 2-12 core fibre
- Available in both Multi and Single Mode
- Kevlar for tensile strength
- Manufactured in the UK
- Lightweight and easy to carry
- Multiple connector options
- After care service
